About Me

Hi! I'm Althea, A motivated Bachelor of Science in Information Technology (BSIT) student at Davao del Norte State College (DNSC). Passionate about web development, UI/UX design, database management, and software development. Eager to apply technical knowledge, continuously learn new technologies, and contribute to innovative IT projects.

Work experience

Municipal Engineering Office 2023
Student Intern

Assisted in organizing and maintaining engineering documents and project records while utilizing Microsoft Word, Excel, and PowerPoint to prepare reports and documentation. Performed data encoding, managed office records, and supported project documentation and filing to ensure efficient daily operations within the Municipal Engineering Office.

Education
Davao Del Norte State College
2023– Present

Currently pursuing a Bachelor of Science in Information Technology. Gaining knowledge and practical experience in web development, database management, software development, and information systems through academic projects and hands-on learning

Davao Del Norte State College- Registrar's Office 2024
Student Assistant

Provided administrative support in the Registrar's Office by processing and releasing official academic documents, including Certificates of Enrollment (COE), Certificates of Registration (COR), and Transcripts of Records (TOR).
